P&C Parent Network Form – once off opt in

The Ashgrove State School Parents & Citizens' Association currently coordinates a Parent Network program within the school which focuses on developing a meaningful parent/carer community within each class, ultimately leading to a stronger school community.

The P&C will maintain a record of your opt in to the Parent Network each year your child attends from year to year. This means you can complete this form once, for each child, and you will remain in in the Parent Network for the duration of your child's time at Ashgrove State School. If you wish to remove yourself from the Parent Network, you will need to request this by emailing asspandc@gmail.com.

Being a part of the Parent Network allows parents/carers in the class to share contact details, participate in class or smaller group events, keep track of important happenings within the class and the school and to develop relationships with other parents/carers. In short, it's about parents/carers supporting each other so we can better support our children and our school.

Parent Name/s:

Child 1 Name: Class:

Child 2 Name: Class:

Child 3 Name: Class:

Child 4 Name: Class:

Phone Number/s:

Email Address:

Signature: Date:
