**All apps can be downloaded for free from the Intune Portal App, but the apps and associated data will be removed when the Management Profile expires (student leaves Ashgrove SS). If you want to keep an app or data then download it through the App Store – select the link for each app after opening this file on the iPad.**

However, simplest method to install all apps is:

1. Download the [Intune Company Portal](#) App first
2. Follow the video linked on <https://ashgrove.ss.eq.edu.au/curriculum/technologies>

\*App prices and availability are correct as at October 2023 and are subject to change without warning.

# Configuration steps will need to be repeated again if the iPad is replaced or restored from a backup.
