EXCELLENCE FUND

The school P & C Association supports an Excellence Fund to assist parents with costs when students are selected to compete in their chosen field at a Regional Level or equivalent. The intention is to provide recognition for significant achievement and assist in offsetting some of the costs incurred particularly where travel is involved. This monetary amount is dependent on the destination of the student's activity and is available by application to the P & C. Applications will only be considered for those students whose parents have paid the P & C contribution and/or those parents who contribute to the school community through working voluntarily throughout the school.

**Application Form
for
P & C Excellence Fund**

To be eligible you are required to have paid the P & C contribution and/or contributed to the school community through working voluntarily throughout the school.
